

“The original direct print and fixation” since 2003.

- No printer in its class has reached its level of colors and productivity yet.
- With 6 colors, you can expand your color gamut and get eye-catching colors like rich red, deeper black, royal purple, fluorescent yellow and pink.
- Excellent penetration for great looking front and rear prints.
- Superb color-fastness and water-resistance for outdoors.

Patent textile feeding system

This core device provides easy and good run-ability for printing on the fabrics.

Heat-Fixation unit

It allows printing and color fixation at the same time without color difference front and rear, right and left.
